

# **Flint Association of Plumbing & Mechanical Contractors, Inc.**

**Greg Pfeiffer, Director**

**August 12, 2011**

## ***Industry DVD for the Building Trades Representing Lapeer, Genesee, Shiawassee Counties***

The Flint PMC and UA 370 partnered with Michigan NECA and IBEW 948 to produce a DVD outlining the benefits of hiring local contractors employing skilled workers. After viewing this DVD once, the viewer is fully informed about the advantages a skilled unionized workforce brings to every jobsite.

It outlines the dedication, skill, training and safety benchmarks a union construction workforce provides, getting jobs done on time and on budget. This project entailed a DVD and Brochure Marketing piece for the Building Trades representing the tri-counties (Lapeer, Genesee, Shiawassee).

The DVD was presented at a public policy workshop on responsible contracting policies.

## ***Doug Wyrwicki Completes Service to MPMCA***

The Flint PMC congratulates Doug Wyrwicki as he completes his last year of service to the Michigan Plumbing and Mechanical Contractors Association Board of Directors. Doug worked diligently to bring exceptional educational programs to the membership as President of MPMCA.

Doug continues to serve the Flint Association as a liaison to Habitat for Humanity. He was the long-time Chairman of the PMC's Negotiating Committee, and served as the Management Co-Chairman on the Joint PMC/UA 370 Labor Management Committee. He also continues to serve on Flint PMC's Board of Directors.

***We applaud Doug for his efforts on behalf of the MPMCA and the total plumbing and mechanical industry.***

### *Habitat for Humanity*

The Flint PMC membership continues to be actively involved in Habitat for Humanity. This year we are sponsoring a number of houses where the PMC pays for the materials to do the mechanical work at homes. UA 370 members donate the time to do the installation. In addition to our members donating money and materials for the projects, they also donate the contractors' trucks and tools for the installations.

### *Scholarship Program Awards*

The Scholarship Program for the children of UA 370 members and contractors continues to be a very successful endeavor. It has been in existence since 1988. The number of scholarships varies from year to year. All applicants must be a son or daughter of a member of UA 370 and/or of a contractor (owner). Children of deceased or retired persons are eligible if the parent was one of the above at the time of their death or retirement. The program is an excellent way to support those individuals that we hope will have an interest in making the plumbing & mechanical industry a career.
