

***MPMCA Board Report
Curt LaLonde
August 14, 2009***

Doug Wyrwicki President of MPMCA

The Flint PMC is proud to congratulate Doug Wyrwicki as he ends his year of service as President of the Michigan Plumbing and Mechanical Contractors Association. Doug has strived to bring exceptional educational programs for the membership as President of MPMCA. This Summer Conference has a 40% increase in registrations.

Doug continues to serve the Flint Association as a liaison to Habitat for Humanity. He is the long-time Chairman of the PMC's Negotiating Committee. He also continues to serve on Flint PMC's Board of Directors.

We applaud Doug for his efforts on behalf of the MPMCA and the total plumbing and mechanical industry.

***Michigan
Oversight Committee Meeting***

Curt LaLonde (pictured right), Chairman of the Michigan Oversight Committee for the National Service and Maintenance Committee, reports that the Committee held their spring meeting at the UA's Great Lakes Regional Training Center. The majority of MCA and UA Offices were represented at the meeting. This gave members, along with invited guests, the opportunity to hear presentations from Washtenaw Community College representative Dan Welch, Scott Klapper, UA 190 Training Director along with Mike Feutz from Ferris State University. Topics covered included: the UA University, Black Board Program, HVAC Safety Training, and the STAR Study Guide.

Habitat for Humanity

The Flint PMC membership continues to be actively involved in Habitat for Humanity. This year we are sponsoring a number of houses where the PMC pays for the permits to do the mechanical work on these homes. UA 370 members donate the time to do the installation. In addition to our members donating money and materials for the projects, they also donate the contractors' trucks and tools for the installations.
